# Anatomy of a cybersecurity risk

2

millimeters

the  
distance  
between  
you and  
the  
attacker

2

minutes

to  
break  
a  
system

9

attacks

every  
hour  
to  
break  
an  
honeypot

6

months

to  
discover  
an  
APT

# How much time do you need to implement a new countermeasure?

RAND RR1751-3.9

# Severity of cybersecurity attacks

■ CRITICAL

■ HIGH

■ MEDIUM

# Under an higher pressure!

# Good news, somewhere in Italy...

## 2016

Priorità di investimento dell'innovazione digitale per i CIO

## 2017

# A spending review...(only for italians!)

*Campione: 1107 organizzazioni italiane*

# Why spend in security?

## ■ Main trends that influence security spending

*Dati ottenuti tramite un'elaborazione statistica di  
un campione di 947 micro, piccole e medie imprese (addetti compresi tra 2 e 249)*

# We have to work a lot...

- Responsibility for cyber risk:

*Campione: 106 organizzazioni italiane*

# Here we are...

74 including 11 10  
days Saturdays Sundays

# E pur si muove!

Campione: 160 grandi imprese

SSERVATORI.NET  
digital innovation

# GRAZIE

## Domande?
